Tanaro Freestanding Bath with Ledge

Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the high quality glass helping to keep water at bay.

NO MORE UNSIGHTLY BATH PANELS

A **unique fixing system** holds the panels tightly together in the corners to create a finish that is **aesthetically pleasing**. Various sizes are available that will fit all of our Tissino baths.

The Perma Bianco finish ensures that bath panels stay white and **will not discolour over time**, even if exposed to sunlight.

Premium Option
Even stronger and warmer for longer

Perma Bianco

Perma Bianco bath panels are manufactured using a pliant acrylic and are an innovation that overcomes unsightly discolouration in bath panels. Our Tissino premium panels include a wooden core and a layer of resin reinforcement, which provides a **highly robust rigid** bath panel that is flat and will always maintain its beautiful finish. The acrylic runs right around the edges of the panel to allow for trimming if necessary.

Perma Bianco General Benefits

- No more flimsy bath panels** - reinforced with robust material for a rigid panel as whole or trimmed down to fit an awkward location
- No more yellowing bath panels** - with Perma Bianco acrylic faced material that doesn't discolour easily with sunlight/UV exposure
- No more awkward bath panel corners** - with our ultimate 1-piece, L-shaped, seamless panel

Lorenzo

Our Lorenzo collection of elegant baths brings a sense of effortless ease and comfort into the bathroom. Designed around simple square forms, and available in a range of different configurations to suit a variety of room designs, the Lorenzo baths represent the ultimate in indulgent bathing.

All baths in the collection are manufactured from **high quality acrylic** with a naturally warm-touch surface – so there's no need to fear dipping into the depths, even on the coldest mornings. If you like to add a little aromatic fragrance to the water, go ahead, as the **easy clean surface** is safe for bath salts and oils. It's **slip resistant** too for added confidence and peace of mind.

Double Ended Bath | LONDRA

See inside cover for product features key

Design ingenuity lies at the heart of the Londra premium double ended bath. The bath is built to maximise internal bathing space, with the slimmest rims achievable allowing for long, luxurious bathing – or a quick wash down if time is tight.

The top grade acrylic is strengthened by a **robust and rigid supporting system**, while **efficient insulation** helps keep temperatures from dipping.

Available in two size options, the bath is supplied without tap holes, allowing for installation in a range of bathroom locations. As with all Tissino bathroom products, a 10 year guarantee helps add additional peace of mind to the pleasure of beautiful design.

Messina

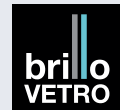

The Messina series of bath screens are supplied in **6mm glass thickness** and protected with our unique Brillo Vetro coating – ensuring resistance against soap deposits for **easier cleaning**.

Available in chrome, brushed brass and matt black finishes, those with a hinged design feature a rise and fall hinge preventing wear and ensuring a tight seal.

- / Choose either a square or curved corner
- / 10 year guarantee
- / Fixed, hinged and pivot options
- / Rise and fall hinge allowing the seal to lift on and off the bath rim

See inside cover for product features key

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your shower glass will stay looking like new for longer.

Giorgio

When it comes to taking a refreshing shower, it's easy for the elegance and beauty of the shower fitting to attract all the attention. However, it's important to remember that a perfectly performing shower is about much more than simply the source of the water. What lies underfoot is just as important, and is crucial to the continuing daily pleasures that a good shower can deliver.

Our Giorgio collection of high quality shower trays and wall panels are designed to combine immaculate good looks with **durable, long-lasting performance**. Manufactured using **hard-wearing** stone resin, all our Giorgio shower trays feature an exquisite stone surface protected by a unique gel finish. They are naturally **slip resistant** – very important in such a potentially hazardous environment – and **comfortable** too.

Giorgio shower trays are available in a range of neutral colours – either black, graphite, grey, soft taupe and white slate effect. A wide range of sizes are available, allowing for the product to be matched perfectly with the room dimensions. Each Giorgio2 shower tray also includes a 100mm border that can be trimmed away if necessary in order to accommodate obstructions or off-square walls.

Whichever stylish colour you choose, your Giorgio shower tray will provide many years of comfort, strength and practicality, all inspired by the same qualities of Italian design flair that can be seen and admired throughout our Tissino collections.

Giorgio Lux

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an **integrated maxi-flow waste outlet**, so as the water hits the surface, it is **channelled away discreetly and efficiently**.

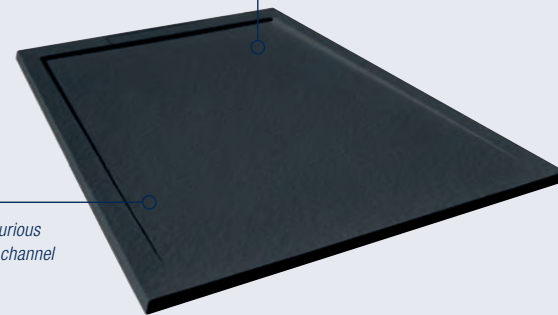

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower – a sleek, **slip-resistant** surface that adds a touch of class to any shower enclosure.

- / Beautiful natural slate effect finish
- / Highly durable, scratch & slip resistant surface
- / Unique hidden & maxi-flow waste design
- / Wide selection of sizes
- / One free tube of colour matched adhesive & sealant with every tray
- / Wetroom compatible
- / 10 year guarantee

Rivelo

The Rivelo collection features timeless shower enclosures in a variety of styles and sizes – whether it be a corner quadrant or bifold shower door.

All Rivelo designs come with a chrome finish, with an optional matt black finish on some models (excludes bi-fold and pivot). These panels have a **6mm** thick shower glass with **Brillo Vetro** protective coating as standard.

- / Chrome finish with matt black option on some designs
- / 2cm & 4cm adjustment
- / Clearseal coating
- / Low level trays available
- / Magnetic seals
- / Power shower suitable
- / Reversible panels
- / Toughened glass
- / 10 year guarantee

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Armano shower will stay looking like new for longer.

Brassware Collection

The delivery of water is the fundamental function of any bathroom, and Tissino takes care to ensure this basic task is carried out with style and elegance. Sleek aesthetics and superb performance apply across the board, even down to the waste fittings and overflows, bathroom beauty is never compromised.

From basin mono taps in a variety of luxurious finishes to mixer taps, bath sets, shower heads and shower arms, this is brassware of the very highest quality.

Parina

Grand gestures are made up of smaller details, and luxurious bathrooms are achieved through conscious design decisions. Products from the Parina collection work harmoniously with other items in the bathroom, bringing both **form and function** to the space.

- / Contemporary and minimalist design
- / Gloss white, matt white or matt black design
- / Ceramic disc technology ensuring longevity
- / Durable finish

The Parina collection brings a real sense of refinement and elegance to the bathroom from slim, high spout taps to concealed basin mixers and bath sets in a range of styles. Thermostatic shower valves are also available, featuring exquisite round handles that are a pleasure to operate.

Available in two contemporary finishes, the collection is designed to complement bathrooms in a bold yet understated way.

Our Parina collection may exhibit high quality **minimalist design**, but there's nothing minimal about the choices available throughout the range.

Ceramic discs ensure superior operation and longevity

Bavera

Designed around a **smooth cylindrical tap post**, each Bavera mono tap features a **soft square spout** and a **designer handle**.

There are two tap styles available in the collection – a standard fitting in a choice of gleaming chrome or stylish matt black, or a high spout option with a taller, slender profile.

The Bavera range is inspired by the very best in Italian design and whatever option you choose it will add an extra touch of elegance.

- / Easy grip designer handle
- / Premium single cast body spout
- / Soft square and full cylindrical body for easy pairing
- / High spout option for vessel basins

DAVOLI | Wall Hung Basins and Supportive Arms

Available March 2024

Davoli wall-mounted basins offer a unique and contemporary design in three high quality finishes, combining a circle or oval bowl shape with a rectangular back for a geometric aesthetic. Choose from gloss white, matt white or matt black to match wider Davoli Sanitaryware options.

The recessed ceramic back ledge means anything stored around the basin is cleverly concealed from full view, maintaining a slick and minimal overall look which doesn't compromise on ease of use.

The basins must be paired with a Wall Hung Basin Support Arm in chrome, white or matt black, alongside a bottle trap and waste (all sold separately).

/ All Davoli basins can be paired with Basin Mono or High Spout Taps.

Wrapover seat option

Seats

Choose between two seat designs – the wrapover or the slimline. With lids designed to fully cover the seat, the **wrapover** seat offers a clean look and works well paired with close coupled models where the cistern sits directly behind the toilet bowl.

Alternatively, the **slimline** seat is an ideal companion for Back to Wall pans for a more minimal overall look.

Furniture Collection

From crisp clean lines to cool elegant curves, Tissino's bathroom furniture encapsulates the very best in Italian inspired design. Each item combines superior aesthetics with high quality workmanship and functionality to create furniture that not only looks the part, but also works superbly day after day.

Generously proportioned storage units offer plenty of space for bathroom essentials, while beautiful washbasins add a sense of style to daily washing routines. Choose from classic dark finishes or add a lighter touch with gleaming white. Either way, Tissino furniture always makes a winning statement.

Splendore

Our Splendore collection consists of **high quality illuminated mirrors** that make it a pleasure to reflect on your surroundings.

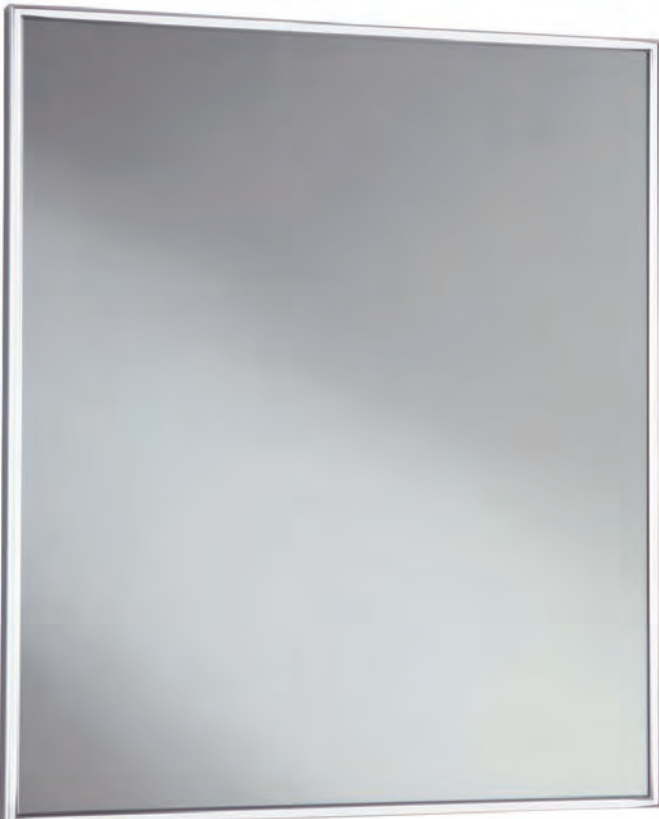

At the heart of each Splendore mirror is a sheet of high quality glass designed to deliver crystal clear reflections **without distortion or defects**. Integrated slimline LED lighting strips round the edge of the mirror throw light onto the face to improve the reflective performance, assisting with intricate shaving or make-up routines. Conventional mirrors can suffer from fogging of the glass, the Splendore collection offers a technological solution to this age old problem.

All models feature a heat pad situated behind the glass that helps **guard against the formation of condensation** – a modern-day remedy that helps maintain the mirror's high performance under all kinds of conditions.

- / Energy efficient LEDs
- / Infrared sensor
- / Landscape orientation
- / Built-in demister

Three Easy Steps:

1

CHOOSE YOUR CENTRAL HEATING TOWEL RAIL SIZE & COLOUR

See page 161 for shape and finish.

*All prices include VAT

2

CHOOSE YOUR DUAL FUEL FOR A WALL OR FLOOR CONNECTION

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element (purchased separately).

A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods.
